
Ceiling tile

Product Description

Okaply vinyl covered gypsum ceiling tiles are available in 2' x 2' and 2' x 4' dimensions.

They are ideal for all clean room environments such as dedicated computer and server areas, restaurant and commercial kitchens, underground garages and anywhere that washable suspended ceiling tiles are required.

Okaply ceiling tiles are used with standard suspended grid systems offering a fast, low cost installation. They can be used in both residential and commercial applications in new construction or renovation.

Advantages

- *Quick and clean installation
- *Consistently high quality
- *Attractive appearance
- *High-strength core
- *Excellent thermal barrier and sound attributes
- *Washable (soft damp towel with light soap)
- *Water based adhesives

Limitations

- *Exposure to continuous moisture or extreme temperatures should be avoided.
- *Should be stored indoors and off the ground.

*Tiles should be carried, not dragged, to place of installation to prevent damaging finished edges.

*Cutting and scoring should be done from the face side.
